BEST SOFTWARE LICENSE AGREEMENT

IMPORTANT: This POL/PBEST license Agreement is a legal agreement between you, LICENSEE, the end user (either an individual or an entity), and Prof. Sergio Aragon, Department of Chemistry and Biochemistry, San Francisco State University, San Francisco, CA 94132, hereafter called the AUTHOR and LICENSOR.

POL/PBEST Software License

GRANT OF LICENSE. The AUTHOR grants, and you hereby accept, a non-exclusive license to use the POL/PBEST software product ("Software") to the extent of its rights and in accordance with the terms of this Agreement. This licensed copy of the Software may only be used on computers at your site by you and members of your organization at your site who have read and agreed to this license. You may install the Software on computers at your site for your own use or use by members of your organization at your site. You may not distribute copies of the Software to others outside of your site. You may make only those copies of the Software which are necessary to install and use it as permitted by this Agreement, or are for purposes of backup and archival records.

OWNERSHIP. This ownership is protected by the copyright laws of the United States and by international treaty provisions. Upon expiration or termination of this Agreement, you shall promptly return all copies of the Software and accompanying written materials to the AUTHOR.

MODIFICATIONS AND DERIVATIVE WORKS. You may modify the software, and use it to create derivative works, for your internal use at the site covered by this license. You may not distribute such modified or derivative software to others outside of your site without written permission. You may distribute the modifications themselves (e.g. as "patches") under terms of your choice. We encourage users to contribute modifications back into POL/PBEST, but you are under no obligation to do so.

REPORTS OF PUBLICATIONS. You agree to acknowledge use of the Software in any reports or publications of results obtained with the Software.

ASSIGNMENT RESTRICTIONS. You shall not use the Software (or any part thereof) in connection with the provision of consultancy, modeling or other services, whether for value or otherwise, on behalf of any third party who does not hold a current valid POL/PBEST Software License Agreement. You shall not use the Software to write other software that duplicates the functionality of the Software. You shall not rent, lease, or otherwise sublet the Software or any part thereof. You may transfer on a permanent basis the rights granted under this license provided you transfer this Agreement and all copies of the Software, including prior versions, and all accompanying written materials. The recipient must agree to the terms of this Agreement in full and register this transfer with the AUTHOR.

LIMITED WARRANTY. LICENSEE acknowledges that LICENSOR makes no warranty, expressed or implied, that the program will function without error, or in any particular hardware
environment, or so as to generate any particular function or result, and further excluding any other warranty, as to the condition of the program, its merchantability, or its fitness for a particular purpose.

LICENSOR LIABILITY. In no event shall the AUTHOR be liable for any indirect, special, or consequential damages, such as, but not limited to, loss of anticipated profits or other economic loss in connection with or arising out of the use of the software by you or the services provided for in this Agreement, even if the AUTHOR has been advised of the possibility of such damages. AUTHOR’s entire liability and your exclusive remedy shall be, at the AUTHOR’s discretion, to return the Software and proof of purchase to the AUTHOR for return of any license fee paid.

NO OTHER WARRANTIES. The AUTHOR disclaims other implied warranties, including, but not limited to, implied warranties of merchantability or fitness for any purpose, and implied warranties arising by usage of trade, course of dealing, or course of performance. Some states do not allow the limitation of the duration or liability of implied warranties, so the above restrictions might not apply to you.

1. The program is FREE of cost for non-profit and academic organizations.
2. Supercomputer centers can license POL/PBEST for FREE and make executable code available to their users from non-profit organizations. However, for-profit organizations who want to use the program at supercomputer centers must have signed a separate license agreement with the AUTHOR.
3. Hardware manufacturers and compiler vendors who want to use the program for porting and demonstrations ONLY may license for FREE.
